Jim,

The report came with map & lot instead of owner's name. There are 197 lots valued as potential buildable in town. The condition factor is highlighted in yellow which shows the percentage discounted. The 0.5 factor are the lots that need access. The .25 (or 75% discounted) factor are lots that have a Conservation Restriction. The .15 (or 85% discounted) factor are contingent lots. I hope the information is satisfactory to your public record request.

Sincerely,
Angela
